

★ ROY TIMMONS ★

REPUBLICAN FOR HD14 | READY TO STEP UP AND SERVE ONE MORE TIME

DIFFERENT THAN ANY OTHER CANDIDATE: HERE IS WHY.

Roy Timmons wants to end politics as usual; but, just about every "politician" says that. This time, it's different. Here's why.

A new generation of citizens is stepping forward with a different kind of campaign platform: no lobbyist money — period. It's called the **Abstinence Pledge**, and it means **a candidate pledges to abstain from** the number one factor corrupting politics — **lobbyist money**, whether in the form of gifts or the campaign contributions that buy influence.

These massive contributions let politicians fund huge campaigns, in which the purport to be a "conservative" but their loyalty shifts away from the people and toward the check-writers.

The only way to fix this problem is simple: **elect candidates who completely abstain**. Until we do, nothing will change. As the saying goes, **insanity is doing the same thing and expecting different results**.

It's time to do something different. It's time to **elect Roy Timmons**.

VOTE JUNE 16TH

DOES
NOT TAKE
LOBBYIST
MONEY

Roy Timmons has spent his life serving others. He began his career of service as an Army mechanic stationed in South Korea. Today, two of Timmons' children — and a son-in-law — continue that proud tradition in the U.S. Army.

After a career serving our community as a healthcare professional, Timmons is stepping up to serve in a new way: to finally let the voice of the people be heard at the State Capitol.

OKLAHOMA'S SICK OF POLITICS-AS-USUAL: **ROY TIMMONS HAS THE CURE.**

FROM PROPERTY TAXES TO POWER BILLS: STOPPING THE BLEED ON THE FAMILY BUDGET.

Our budgets are being crushed by property taxes, utility bills, and insurance premiums. Weak state leaders have looked the other way while the governments, big utilities, and green-energy speculators make out like bandits.

Roy Timmons is ready to change that. He'll lead on real property-tax reform — updating the homestead exemption and tying it to inflation so homeowners aren't punished year after year. He'll back the *Save Our State Plan* to rein in skyrocketing utility rates and stop the green-energy invasion that's destroying our land and driving up costs.

As a medical professional, Timmons knows firsthand how insurance mandates are making premiums flat-out unaffordable. Meanwhile, the long-term incumbent, Chris Sneed — chairman of the House Insurance Committee — has stood by while property insurance and health insurance rates exploded. He has repeatedly supported anti-free-market health insurance mandates that drive up premiums. Under his watch families are paying the heavy price. Roy Timmons says: **Enough. It's time to put the people's budget ahead of the lobbyists.**

DIAGNOSING WHAT'S SICK IN OUR GOVERNMENT — AND TREATING IT WITH THE CONSTITUTION

From free speech to the Second Amendment, our liberties are under constant attack by the woke left elites and their corporate allies. Roy Timmons has taken an oath to the Constitution before — and he'll take it again as our next State Representative. He'll defend the right to life of the unborn, the innocence of girls and youth, property and states rights — without compromise. Unlike the incumbent, who is financed by

thousands in special-interest dollars and is addicted to expanding government bureaucracy and regulation — Timmons will never take lobbyist money. Our rights aren't negotiable — and Roy Timmons will never sell them to the highest bidder.

MAGA AND MAHA: IT'S TIME TO MAKE OKLAHOMA HEALTHY AGAIN.

Roy Timmons will always stand with the America-First movement and rural Oklahoma — not the “OKC insiders.”

As a healthcare professional, he's seen how the medical establishment fights to control patients instead of empowering them.

That's why he supports **Make America Healthy Again** — protecting patient choice, medical freedom, and the right to say no to bureaucratic mandates. He **will never** take money from the big corporate AG and food conglomerates. Timmons' loyalty is to the patient, the taxpayer, and the people — never the political or medical elites.
